

## **Midwest Section honored as 'best' by RSI magazine**

*Racquet Sports Industry* magazine has recognized the USTA/Midwest Section as its 2009 USTA Section of the Year. RSI explained that, "In the past year, the USTA Midwest Section has compiled a list of accomplishments spanning community tennis, youth and junior team tennis, no-cut high school, collegiate and adult competition, USTA Leagues, QuickStart and recreational coach workshops, high performance, tennis service representative initiatives, and its foundations." Section Executive Director Mark Saunders credits the success of the section to committed volunteers, dedicated staff, and support from local communities within the section.
